Pollard Windows and Doors is a third generation family business, established in 1948. The Pollard formula for success has been hard work, reinvesting in new technology and a consistent desire to give our customers more for their money. Today, our plant has grown to over 300,000 sq.ft. and we are recognized as a leader in window and door manufacturing technology. Beyond our equipment, there is the strong sense of family that is ever present at Pollard Windows. It is that family tradition and lasting commitment to exceptional value that has been the blueprint to our continued success.

Products you can rely on

THE BENEFITS OF CHOOSING LIBERTY

Why the Liberty Collection is right for you

Having spent our early years as wood window manufacturers, we know that wood is a great insulator and provides structural integrity as a building material. Our Liberty Collection reflects those advantages by combining a maintenance-free vinyl clad exterior with a warm and beautiful natural wood interior. As a result, our Liberty Collection has earned the ENERGY STAR® as a highly efficient window system. With Liberty you'll spend more time enjoying your home and less time maintaining it.

Complement the style of your home

TUDOR CASEMENT WINDOWS

The most versatile of all operating windows

Tudor Casement Windows are extremely popular due to their versatility. Their long, slim styling makes them ideal when used individually in areas where wall space is limited. Designed with multi-point hardware, strong locks, and a double full perimeter seal, you can rest assured our Tudor Casements are secure and energy efficient. They can be opened a full 90 degrees to provide easy cleaning and plenty of ventilation. They work well in combination with fixed lite windows to make up bay, bow, and picture windows. Our popular Tudor Casement Windows complement virtually any architectural style.

Retain the design elements of your home

TWINTILT DOUBLE HUNG WINDOWS

A traditional look with superior performance

Liberty Twintilt Double Hung windows work beautifully on Colonial or Georgian style homes. Their advanced design includes a split-finish jamb liner to complement both exterior and interior finishes. A triple-seal pile weatherstrip provides an ultra-smooth gliding operation. Upgraded color-matched metal tilt latches allow you to tilt both sashes in, making cleaning a snap. Create a bold Colonial look by adding our maintenance-free 3½" Heritage Exterior Casing. Our Liberty Twintilt has the beauty and character of traditional double hung windows with the advanced technology and energy efficiency of today.

A practical solution for good ventilation

CARIBBEAN AWNING WINDOWS

Enjoy fresh air whether rain or shine

For a room in need of good ventilation, easy operation and natural light, the answer lies in Caribbean Awning Windows. They offer all the advantages of casement windows plus one extra feature - they are hinged from the top and can be left open slightly during a rainfall with little risk of any rain getting inside. They are an effective solution for tight areas such as bathrooms or basements. Due to their unique modular design, our Caribbean Awning Windows can be combined with matching fixed lites to enhance the contemporary look of your home.

Your picture frame to the world outside

FIXED LITE WINDOWS

Clean simple lines and maximum glass area

With central air conditioning in more homes than ever, Fixed Lite Windows have gained in popularity. They are highly regarded for the added comfort and security they provide. Their clean and simple lines act as a picture frame to the world outside. And, the maximum glass area allows for large amounts of natural light to come through and brighten any room. Our Liberty Fixed Lite Windows are engineered with a sash to match the site lines of our operating windows. This design detail enhances the curb appeal of your home. When combined with operating windows, these fixed lites can be used to create visually spectacular feature windows.

Exciting design opportunities

DECORATIVE WINDOWS

Create a distinct look for your home

Looking for something different to bring interest and character to your home? Try a Liberty Decorative Window in one of many interesting and unique styles. From octagons and trapezoids to half rounds and extended segmentals, there is a decorative window to suit everyone's design dream. For a truly unique look they can be used in combination with both doors and other windows. The right decorative window can distinguish your home from the rest. Our custom window department works closely with our customers to provide a creative solution to their decorative window needs. You will be amazed at how these custom shaped windows can transform the look of your home.

We're open to your ideas

FRENCHCLAD DOORS

A door with both warmth and durability

Liberty FrenchClad Doors combine a tough, durable, maintenance-free, PVC exterior with a beautiful, rich natural wood interior. A large area of insulated glass creates a very spacious view and the sliding screen allows for ventilation. The result is a very appealing entrance that provides an abundance of light without sacrificing energy efficiency. Our multi-point locking system and sturdy hardware provide maximum security. With natural oak, maple or pine interiors they can coordinate and complement any decorating style. FrenchClad Doors are built with fine craftsmanship and their in-swing design make them ideal for decks, patios or porches.

Ideal for tight spaces

VISTADOR SLIDING DOOR

Create a panoramic view

The Liberty Vistador is ideal for kitchens, walkouts, decks, patios or porches. It combines the beauty of a wood interior with an easy-care vinyl exterior and a large area of insulated glass for a panoramic view. Vistador doors are available in a two or four lite configuration and come complete with a sliding screen door to allow fresh air in. The four lite version opens from the center to create a double wide opening. The design of the door coordinates perfectly with the FrenchClad swing door if you want to feature both in the same area of your home.

LIBERTY COLLECTION OPTIONS

Select from an array of exciting design choices

Exterior Colors

Four Standard Colors:
1. Pearl White 2. Autumn Ivory
3. Silversand 4. Cocoa Brown

Also available in many custom colors

Paint Grade Pine

EXTERIOR VINYL COLORS AND INTERIOR FINISHES

Choices that build character

Choose 3/2" Exterior Casing or 1" Brickmold to enhance the curb appeal of your home.

Accent your windows with our matching interior trim.

Liberty windows offer homeowners great versatility with a wide range of options for exterior colors, interior finishes and grill designs. You will improve the curb appeal of your home with this array of choices. Our Silversand color has such a warm neutral tone that complements virtually any shade of brick or siding. With four interior finishes to choose from, your new Liberty windows will blend beautifully with any interior decor. Our natural oak interior is the perfect choice to finish off that oak den with the richness it deserves. Our maple interior coordinates well with maple cabinets and floors.

Optional hardware finishes in antique brass, polished brass, oil rubbed bronze and satin chrome available for many products.

Multi-point hardware is standard on casements. Coppertone handle standard with natural maple, oak or pine interior finishes. White handle offered with paint grade option.

Hardware shown is for Vistador. Coppertone hardware standard on natural wood interiors; white available for paint grade interiors.

HARDWARE OPTIONS

Durable hardware that you can depend on

Liberty Collection hardware is designed to be both beautiful and dependable. Several finishes are available to coordinate windows, doors, and other fixtures. Choose from our many hardware options to best suit your project. Easy-reach hardware and limiting devices are available for special applications. Ask a Pollard Sales Representative for more information about the hardware options and styles available for our products.

Hardware is color coordinated to suit your interior finish.

Colonial Style

Provincial Style

Prairie Style

Muskoka Style

GRILL DESIGN OPTIONS

Make your house stand out from the rest

Our standard grill designs are available in your choice of four attractive styles - Colonial, Provincial, Prairie and Muskoka. You can match existing grill styles or create a new look, there are endless possibilities. A standard or custom grill design will add distinct character to your Liberty window or door. For freedom of choice in architectural detailing, turn to the beauty of the Liberty Collection.

Add character with removable wood grills, divided lite bars or internal aluminum grills.

- 1) Slimline Dusty Grey
- 2) 5/8" internal aluminum
- 3) 1-1/8" removable wood
- 4) 3/4" removable wood
- 5) 1-1/8" exterior simulated divided lite
- 6) 3/4" exterior simulated divided lite

Lead-free vinyl cladding is available in four versatile colors, is weather resistant and will not flake, peel, rust or corrode.

Energy efficient glazing with Super Spacer® Warm Edge Technology means greater comfort and reduced condensation.

Three beautiful wood interiors match any decor. They're warm to the touch and rich in appearance. Paint grade pine is also available.

THE HEART OF A LIBERTY WINDOW

Exacting craftsmanship, energy efficiency

Pollard Windows has partnered with ENERGY STAR® and is making a positive contribution to help preserve the environment. By choosing products that have earned the ENERGY STAR you are helping to make a difference too. Some features that make our Liberty Collection a design that performs are:

Extruded Vinyl Cladding

Only lead-free virgin vinyl is used in our Liberty cladding. All vinyl extrusions are a minimum .060 thick which is six times thicker than typical aluminum cladding. Vinyl offers excellent durability and can be easily recycled. Vinyl has a prolonged life cycle and is virtually maintenance-free meaning less windows will end up in the landfill.

Energy Efficient Low E Argon Glazing

The Liberty Collection features high performance glazing which consists of an advanced Low Emissivity coating, an airspace filled with argon gas and a warm edge spacer bar around the perimeter. This combination of materials reduces heat loss through the glass and minimizes condensation and filters out harmful U.V. rays. Energy efficient glazing will reduce the amount of energy required to heat and cool the home, decreasing the amount of greenhouse gases released into the environment.

Natural Wood Interior

The warmth and beauty of a natural wood interior is what makes so many of our customers choose the Liberty Collection. Your choice of maple, oak, pine or paint grade pine (not available for FrenchClad or Vistador) will enhance your decor. Pollard Windows uses wood responsibly and efficiently without compromising the structural integrity of the product.

OUR HEALTHY PLANET FOCUS

Pollard Windows is dedicated to manufacturing windows and doors that are energy efficient and durable for generations to come. We're committed to environmentally conscious choices through responsible engineering and design with the efficient use of materials. Our continuous product improvements consider ways to recycle, reuse and reduce. Pollard's commitment to a greener future is shown by our participation with the ENERGY STAR® program and our membership in both the Canada and U.S. Green Building Councils. Furthermore, our windows are featured in some award winning Platinum Certified LEED® Homes (Leadership in Energy and Environmental Design).

Pollard's industry leading warranty

Our commitment to our customers extends to our warranty, considered to be among the best in the business. We offer a solid manufacturer's warranty on parts, a non-prorated warranty on insulated glass units and a non-prorated warranty on all vinyl components. By concentrating on being the best - rather than the biggest - Pollard Windows has earned a reputation for superior quality and durability. Of all our accomplishments, our greatest satisfaction is the loyalty shown to us by many long standing customers. For more information on our warranties please log on to www.pollardwindows.com or contact your Pollard dealer.
